Extra soft, breathable and sustainable

Our range of Comfort headwear are all made from a lightweight, extra soft 100% viscose fabric made from eucalyptus and birch-pulp, which has an extra soft feel. The fabric is renewable, biodegradable, and sustainable. Air vents in the fabric provide excellent breathability, which along with its superior comfort makes these hats perfect for prolonged use in the operating theatre.

This single-use comfort operating cap has an elasticated rear which is perfect for tucking under tied-back and long hair. The extended depth allows greater coverage of the side of the head and extra-long hair.

Dimensions

Crown (Length x Width)	22 x 21 cm ±1cm
Depth	18cm ±1cm
Length/circumference (elastic stretched)	64cm ±3cm

Product Specification

Product Name	Comfort Operating Cap (elasticated back)
